## Preface

A rich vocabulary is the heart of a the new verbal reasoning 11+ tests., meaning there is really no substitution for reading. Books, magazines, articles and websites provide a varied array of words, enhancing exposure to new words.

Modern eleven plus verbal reasoning tests comprise of matching words (synonyms) and opposite words (antonyms) as well as cloze sentences and odd words out, presented as quick fire speed multiple choice tests. This publication aims to introduce students to the format of the tests with an insight to the speed requirements to succeed.

Speed comes with practice, so don't worry if tests initially take longer than indicated. Remember, marks are not deducted for incorrect responses, so always make an "educated" guess. The process of elimination can often lead to the correct option.

This book is suitable for preparation for eleven plus selective tests from CEM® Centre for Evaluation & Monitoring®, based at Durham University as well as GL Assessment®.

## Content

	Tests	Page
1.	Matching Words (Synonyms)	2-21
2.	Opposite Words (Antonyms)	22-41
3.	Odd Word Out	42-61
4.	Cloze Sentences	62-101
5.	Answers	102-106

Test 1	Matching Words (Synonyms)					5 minutes	
Select the word from the right that has the SAME or SIMILAR meaning to the word on the left.
